

Academic employment opportunities

The Division of Actuarial Science, Mathematics and Statistics will have available a limited number of visiting and tenure track positions in the Departments of Actuarial Science, Mathematics and Statistics, starting in August 2018. Priority will be given to the following areas: Numerical Analysis, Optimization, Operations Research, Dynamical Systems, Probability and Stochastic Processes, Applied Statistics, Statistical learning, Mathematical Finance, Risk Theory and Management, Theory of Insurance, Pensions and Social Security, Mathematical Demography.

Candidates must have completed a Ph.D., have proven capacity to perform relevant research in their area of expertise and be willing to participate in high quality teaching. Applicants should send, a cover letter, indicating the Academic Department to which they wish to apply, a current CV and a research project to:

empleosdaem@itam.mx

Furthermore, they must also arrange for three letters of recommendation, addressing their research and teaching potential, to be forwarded to the same e-mail address. The deadline for the reception of all documents is December 15th, 2017.
