

Academic employment opportunities

The Division of Actuarial Science, Mathematics and Statistics at ITAM will have available a limited number of visiting and tenure track positions in the Departments of Actuarial Science, Mathematics and Statistics, starting in August 2023. Priority will be given to the following areas: Operations Research, Optimization, Machine Learning, Probability and Stochastic Processes, Applied Statistics, Mathematical Finance, Risk Theory and Management and Insurance Theory,

Candidates must have completed a Ph.D in a related area, have proven potential to perform relevant research in their area of expertise and be willing to participate in high quality teaching. Applicants should send, a cover letter, indicating the Academic Department to which they wish to apply, a current CV and a research project to:

empleosdaem@itam.mx

Furthermore, they must also arrange for three letters of recommendation, addressing their research and teaching potential, to be forwarded to the same email address. The deadline for the reception of all documents is January 30th, 2023.
